Farmers Reminded To Submit Nominations Before Deadline

Only a few days remain to nominate farmers as candidates in the upcoming ASC community committee elections, reminds James R. Ford, Jr., Chairman of Appomattox County ASC Committee.

First duty of the newly elected community committee members will be to serve as delegates to elect new members to the county ASC committee. Mr. Ford reminds producers that this is an important occasion for the responsible, farmer - chosen team of ASC community committeemen.

The ASC community committee election will be conducted by mail from Nov. 22 to Dec. 2. By turning in a total of six or more petitions, farmers in each ASC community have the opportunity to prepare the slate of nominees themselves. The Chairman hopes that farmers will submit enough valid petitions to fill the slate.

Shortly after Oct. 29, all petitions will be reviewed. If six or more valid petitions have been received for an ASC community, the county ASCS office will prepare a slate containing the names of all eligible nominees. If less than six valid petitions are received for any ASC community, the job of slate completion will be turned over to the incumbent community committee, which will add nominees needed to complete the slate.

The county ASDC committee will review all community slates prior to the mail election and will advise all candidates of the duties of an ASC committeeman.

In order to submit a valid petition, three or more ASC farm voters must sign a statement endorsing an eligible candidates. The statment must include certification that the nominee will serve if elected. Petitions must be dated and mailed or hand - delivered to the county ASCS office no later than Oct. 29.

The opportunity to nominate, vote, and be elected to office in the upcoming ASC committee election is guaranteed to all farmers regardless of race, religion , sex, color, or national origin.

Letter to Editor

Norfolk, Virginia
September 27, 1974

Dear Sir:

My name is Jane. I'm 26 years old and am married to a most wonderful man. We have a 3 year old daughter and are expecting another child in a few months. My husband and I were both reared, and born, in Appomattox County. The reason for this letter is to ask for help. Help for all the babies in this country that are never given the chance to choose life. Abortion is something that all must face, no matter how large or small the community. I ask you to please print the following items from the Virginia Society for Human Life paper. The first item you read will probably make you very sick and I hope very mad. At least mad enough to write. Here it is.

Virginia Society for Human Life
Tidewater Chapter
P. O. Box 8213
Norfolk, Virginia
(October, 1974 issue)

CHARGE OF MANSLAUGHTER AGAINST BOSTON PHYSICIAN

After two unsuccessful attempts to abort a 24 to 28 week old unborn baby with saline injections, Dr. Kenneth Edelin performed a hysterotomy abortion. He is charged with shutting off the baby's blood supply while the infant was still in its mothers womb, and waiting five minutes before removing it. In separate indictments, four other Boston City Hospital physicians were charged with illegal dissection of fetuses. VSHL has a copy of an affidavit of a doctor's testimony on fetal experimentation at the Yale-New Haven Medical Center. He witnessed an aborted infant moving his arms and urinating before having his abdomen cut open and his liver removed. The baby was given no anesthesia. Doctors who become accustomed to killing the young for money will find it easy to kill the old when euthanasia becomes as acceptable to the public as abortion. (End of item)

Now, how does that make you feel? I would never want this to happen to the beautiful life God has given me thus far to carry.

Please write to your Congressman, Representative and Senators. Ask them not to confirm the nomination of Nelson Rockefeller as V-P because of his strong support for legalized abortion. He is the because of his strong support for legalized abortion. He is the most influential abortion advocate in our country today, using Rockefeller Foundation and government money to promote abortion. He actively promoted passage of New York's abortion of demand bill in 1970, and in 1972 when the legislature voted to repeal it, Rockefeller vetoed the repeal bill. The scandal of Watergate becomes insignificant in comparison to having a man as Vice-President of the U.S. whose actions encouraged the killing of a ½ million unborn babies. I beg of you to please help all the babies have a chance to the right to life.

Thank you for printing this and thank you everyone that writes a letter.

With hopeful, prayerful hearts,
Johnny, Jane, Libby
and unborn Wright

questions and answers

Q. My son wants to take me to Canada for 7 months. Will this affect my supplemental security income payments?

A. Yes. Supplemental security income cannot be paid for any month to anyone who is outside the United States for the whole month.

Q. I have a foster child in my home, and receive payments from the agency which placed him here. Will these payments reduce my supplemental security income checks?

A. Foster care payments you get will not affect your supplemental security income payments if the child is not entitled to supplemental security income payments himself, is living with you, and was placed in your home by a licensed public or non-profit private child placement or child care agency.

Q. My mother gets supplemental security income payments. She lives in another State now, but may come here to live with me. Will her payments be affected?

A. Both eligibility for payments and payment amounts can be affected by changes in place of residence, income, marital status, and other circumstances. If your mother moves, she should report her change in residence to a social security office within 30 days. The people there will tell her how her payments will be affected.

Q. When I went back to work on September 1, I hired a babysitter for my young children at home. I pay her $25 a week. Do I have to report her wages for social security purposes?

A. Yes, because you are paying her $50 or more in a 3-month calendar quarter. Send a report of her wages, along with the social security contribution, to the Internal Revenue Service. Wage reports and contributions for the 3rd quarter of 1974—July through September—are due by October 31. For more information, call or write any social security office.

Q. My husband recently started a small business and I plan to work for him. Will my work be covered under social security?

A. No, it will not be covered. Generally, work performed by a wife in the employ of her husband, a husband in the employ of his wife, or a child under 21 in the employ of his father or mother is not covered by social security.

Q. How many people in the United States now have Medicare coverage?

A. About 23.3 million people have Medicare hospital insurance, including 21.5 million people 65 and over and 1.8 million disabled people under 65. About 21 million people 65 and over and 1.6 million disabled people have Medicare medical insurance.

USDA Proposes Grade Loan Rates For 1974-Crop Fire and Sun-Cured Tobacco

Proposed schedules of grade loan rates for 1974-crop fire-cured, dark-cured and Virginia sun-cured tobacco at levels about 8.8 percent over rates for the 1973-crop were announced recently by the U.S. Department of Agriculture. The proposed scheduled are at the levels required by law and reflect average levels of support of 58.2 cents per pound for fire-cured and 51.8 cents per pound for dark air-cured and Virginia sun-cured tobacco.

For Fire-cured tobacco, the proposed grade loan rates range from 35 to 83 cents per pound for type 21 and from 36 and 83 cents per pound for types 22 and 23. For dark-cured tobacco, the proposed grade loan rates range from 36 to 73 cents per pound. For Virginia sun-cured tobacco, the proposed grade loan rates range from 25 to 73 cents per pound.

As in the past, no loans will be available on any tobacco graded NO-G (No Grade, U (Unsound), D (Damaged) or Scrap. The Cooperative Association through which advances are made available on type 21 fire-cured tobacco and Virginia sun-cured tobacco is authorized to deduct one cent per pound to apply against overhead costs.

Comments regarding the proposed rates will be considered if submitted in writing by Nov. 4, 1974 to the Director, Tobacco and Peanut Division, Agricultural Stabilization and Conservation Service, USDA, Washington, D.C. 20250. The comments will be available for public inspection.

World Culture Organization

World Culture Organization at ACHS its first monthly meeting, October 16, ere were very honored to have as our aker Mrs. Joyce Vaughan, director Liberty Youth Singers in Appomattox. Vaughan gave a brief talk on the ness, and the way of life of the people. On display she had some ll souvenirs from Poland such as: wards, jewelry, pictures, weaving, ss goods. She had brought with her ese slides taken in Poland while the was touring. The members present of ident body at ACHS that were at the meeting enjoyed her visit very much. ey they too felt the excitement and traveling to another country to share love and friendship. Kaye Chenault and Cindy Guill who also toured with the group were present and enjoyed helping Mrs. Vaughan with her presentation. We certainly want to thank her again for giving us her time to come and be with our organization. In the future, meetings are being planned to involve others who have traveled and seen other countries and the different customs of people all over the world. Shown above with Mrs. Vaughan are Jack Smith and Cindy Guill officers in the WCO and ano ther guest Kaye Chenault and Annette Conner a member. We are very proud of the successfulness of our first meeting and hope the others will be as informative and interesting!

Homemakers Hold Meeting

The first meeting of the Appomattox Chapter Young Homemakers of Virginia was held in the Home Economics Department at Appomattox County High on Thurs., Oct. 10, 1974. The meeting was held to organize a chapter of YHV in Appomattox and to plan activities and programs for this year.

Mrs. Brenda W. Drinkard was selected to serve as chairman and Mrs. Jane S. Smith was chosen to be secretary for the remainder of the YHV year. New officers will be elected and installed in January. The theme for the November and Dec ember meeting is "Home Decorating for Special Ocasions" with holiday emphasis on Thanksgiving and Christmas. The group decided to invite resource people to demonstrate how to construct items for decoration in the home during these two holidays.

The Southside Area meeting of Young Homemakers and Young Farmers of Virginia to be held in Appomattox on Nov. 22, 1974, was discussed with more plans to be made at the Nov. chapter meeting.

Dealer Elected Dis. Officer Chev. Council

Charles T. Moses, Jr., Moses Motor Co., Inc., Appomattox, Va., has been elected to a key office for his area in a nationwide e g a nization of Chevrolet dealers.

Chosen as representative from his district to the Chevrolet Dealer Council, he will serve as spokesman for 15 Chevrolet dealers in the district at an October meeting of the organization to be held at the zone headquarters in Richmond.

The Chevrolet Dealer Council program was pioneered by Chevrolet in 1937. Operating at local and national levels, the organization helps Chevrolet's 6,000 dealers plan toward mutual progress in discussions among themselves and with Chevrolet executives. Among matters discussed are market conditions, business concepts and customer services.

The Chevrolet Dealer Council is organized at district, zone, regional and national levels to correspond with Chevrolet's field sales areas. Dealers in the 435 Chevrolet sales districts elect representatives annually to attend the zone meetings. In meetings at the 48 zone cities these representatives elect from their number regional council representatives. At the conclusion of meetings held in the nine regional headquarter cities, the regional representatives elect members to represent them on the Chevrolet National Dealer Council that meets in Detroit with company executives.

District, regional and national Dealer Council members are elected to a two-year term. Elections are held annually to provide for continuity in office with overlapping terms.

What everyone is afraid to say to tobacco farmers.

"It's been a rough year."
It's as simple as that. Costs
are soaring and profits are barely getting
off the ground.
At Fidelity National Bank
we know enough about farming to realize what
kind of a year it's been. And what that's done
to your profit margins.
But we also know that no
matter how little there is left over from this year's
sales, you've got to save as much of it as possible to
get you through to next year's. And pay for seed,
fertilizer, labor and equipment along the way.
Because we understand
this fact—that your financial needs are not like
everyone else's—we also understand that not
every savings plan is right for you.
And we're ready to show
you one that is—with continuous compounding
of interest so your money can grow as quickly as
you need it to. And full freedom of withdrawal
so you can get it when you need it, too.
Fidelity National Bank.
When we say we're out to help you
grow, we mean it.
